## Did you know?

### What are the health benefits of brown rice?

Source: [https://www.healthhub.sg/live-healthy/193/brown\\_rice\\_paradise](https://www.healthhub.sg/live-healthy/193/brown_rice_paradise)

- Although brown rice requires more water and longer cooking time as compared to white rice, it is higher in vitamins, minerals and fibre due to its intact bran and germ.
- Include different types of wholegrain rice in your diet to enjoy a variety of flavour and texture as well as benefit from its varied nutrient profile.

### Did you know?

#### What makes Singapore traditional coffee so unique?

- Singapore Traditional Coffee is typically made from Robusta beans which are known to have almost double the caffeine of Arabica.
- Robusta beans are roasted with sugar and margarine to give traditional coffee that distinctive bittersweet bold flavour and full bodied profile.
- Drinking two cups of Singapore Traditional Coffee a day can reduce the risk of Parkinson's disease by up to 8 times.
